

Privacy Policy for Pickleball Forecast

Last updated: July 9, 2026

This Privacy Policy explains how Glinberg Robotics LLC (“we,” “us,” or “our”) handles information when you use Pickleball Forecast (the “App”).

Pickleball Forecast is designed to respect your privacy. The App does not require you to create an account and does not collect names, email addresses, phone numbers, contacts, photos, or other information that directly identifies you.

Information We Collect

We may collect limited analytics and diagnostic information including city weather, city name, state name, and postal code to help us identify and resolve software bugs, and maintain reliability.

This information may include:

- App usage information, such as general interaction events
- Diagnostic information, such as crash logs, performance data, error reports, and device or operating system information
- General technical information, such as app version, device type, operating system version, and region or language settings

We do not use this information to personally identify you. We use analytics and diagnostic information to:

- Improve the App's functionality and user experience
- Diagnose and fix crashes, bugs, and performance issues
- Understand aggregate usage trends
- Maintain the security and reliability of the App

Third-Party Services

Pickleball Forecast may use third-party analytics or diagnostic services to help us collect and understand app performance and usage information. These services may process analytics or diagnostic data on our behalf.

Location Information

Pickleball Forecast uses weather or forecast-related information to provide its core functionality. Pickleball Forecast does not request precise location. To protect your privacy Pickleball Forecast requests access to your location using Apple's reduced accuracy mode. If granted, this information is used only to provide weather or forecast information relevant to your city.

We do not sell location information. We do not use location information for tracking.

Data Sharing

We do not sell, rent, or trade diagnostic or analytics information.

We may share limited analytics or diagnostic information only with service providers who help us operate, maintain, analyze, or improve the App. We may also disclose information if required by law or to protect our rights, users, or the App.

Data Retention

We retain analytics and diagnostic information only for as long as reasonably necessary to operate, improve, and maintain the App, unless a longer retention period is required by law.

Your Choices

You may be able to limit analytics or diagnostic sharing through your device settings. You may also disable location access for the App through your device settings, although some weather-related features may not function properly without location access.

Changes to This Policy

We may update this Privacy Policy from time to time. Any updates will be posted with a new “Last updated” date.
